Roy:

I have reviewed your request for wastewater training hours for Arkansas. We can approve your request as you submitted. The forms look really good and the monthly training report would be quite helpful. The option of being able to provide the training both through the internet and correspondence would be useful for Arkansas' operators – many of whom still do not have internet access on a regular basis.

Thank you for providing this training.

If I can be of any further assistance, please do not hesitate to contact me.
