Subject: RE: CEU Submittal Package from RoyCEU.com

Hello Roy,

I presented your website and courses to members of our certification advisory committee (CAC) during our meeting on 11/15/19. All of the courses attached in your email have been approved for CEUs for Connecticut wastewater operators. Each course is being approved for the amount of hours stated in each individual agenda. Should any of the hours change, or if there should be any changes to the agendas you must reapply for pre-approval.

Please let me know if you have any questions.

Enjoy your week!
Craig
